Creating a Report

Software Support - 2019-11-25 - Reports

There are 2 ways of creating and running reports within Kahootz.

1st - Request a "manager" within the desired workspace to create the report following these steps on the left.

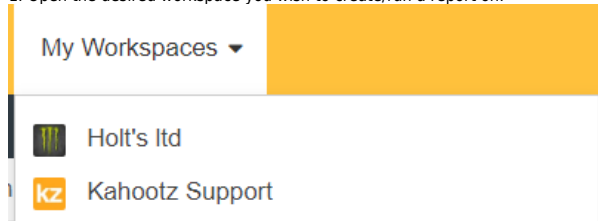

2nd - Request the "site admin" to create the report by following these 3 simple steps on the right.

* The site admin can also run that report on a single workspace or all workspaces.

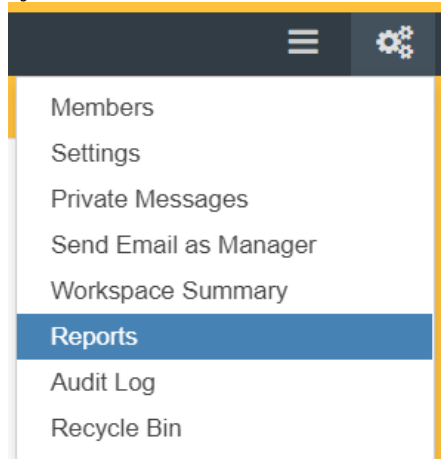

Workspace Managers

Site Owners & Administrators

1. Open the desired workspace you wish to create/run a report on.

2. Select "Reports" from the "Manage Workspace" drop-down menu in the top right-hand corner.

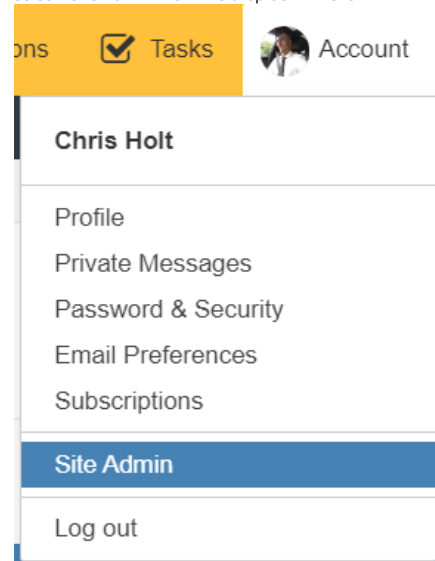

3. View the reports or click "Create Report" at the bottom
